

Adult Day Program

Easterseals offers adults with disabilities the opportunity to live, learn, work and play as a vital member of their own community. Our Vine Street location provides therapeutic programming, life skills training and the support necessary to remain actively engaged in Knox County. Our individuals have the opportunity to regularly interact with people of all ages and ability levels through regular activities and community events. Whether through birth conditions, accidents or chronic illness, many adults and their families find value from Easterseals Adult Day Services.
