

CONTINUING OUR MISSION...

Dear Friends,

Please rest assured that Easterseals Capital Region & Eastern CT will continue to provide support to Americans living with disability, their caregivers and others within our community. There are understandably questions about our events, programs and services due to recent public health issues.

- As a healthcare provider and out of an abundance of caution, given the current community health concerns regarding COVID-19, we will not be hosting the Easterseals Crystal Ball on Saturday, March 21, 2020. Although this is our largest fundraiser in our fiscal year, we believe the health needs of our community are the priority.
- Not hosting this fundraiser will impact our delivery of life-changing services, so we are hopeful that all of our sponsors and donors will stand with us during these challenging times. Many local and regional businesses have already affirmed their continuing support even without the fundraising event, and we are heartened by their civic-minded generosity.
- Easterseals' mission is to provide exceptional services to ensure that all people with disabilities and their families have equal opportunities to live, learn, work and play in their communities. With the COVID19 crisis, Easterseals' clients will be counting on services now, more than ever.
- Our operations are continuing with appropriate adjustments including improved facility cleaning, limiting groups to state required numbers in our day support program, teleworking, and providing ongoing phone support for ALL clients including veterans, vocational rehabilitation clients, and caregivers.

Will you Rally Around Easterseals today to ensure that services are available to those most at risk in our community?
